

CONTRACT MACHINING SERVICES

Hasko

HASKO Inc. Setting the Professional Standard in Machining Since 1930

- Full service machine, fabrication, painting and assembly.
- Specialized equipment that adds versatility to maintain a competitive advantage.
- Our trained machinists set the standard for quality.
- Collaborative engineering to design cost-effective parts for manufacturing.
- Custom-engineered machinery for most industries.
- From forming to machining to fabrication, all processes are done in-house to maintain quality, precision and delivery.
- Custom engineering services using the latest 3D modeling software.
- CAD/CAM software streamlines our processes. This maintains our competitive advantage.

Mission:

To provide world-class machining, fabrication, assembly and technical industrial services to all industries.

Vision:

To be our customer's premier supplier.

Values:

Integrity, Quality, Dependability, Dedication and Commitment to our Customers.

PRECISION MACHINING, FABRICATION & INDUSTRIAL SERVICES

Featured Machines

Haas CNC Horizontal Machining Center
(64" x 50" x 40") with 4th axis rotary turntable built in

Mazak CNC Lathe with Live Tooling and "Y" Axis
(60" between centers, 4.4" through spindle, 12" chuck)

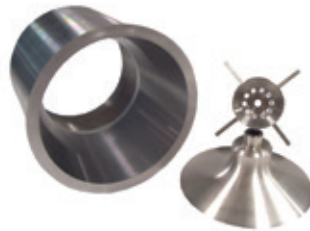

Mazak CNC Horizontal Machining Centers with Pallet Changers
(31.4" x 31.4" x 34.6") high torque 6,000 rpm and high speed 10,000 rpm

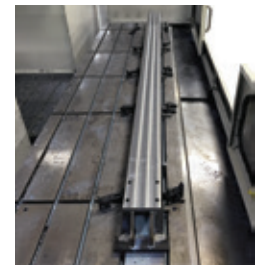

Serving All Industries

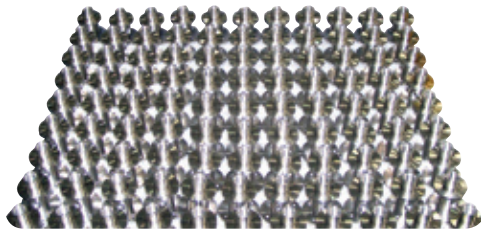

Highly technical precision machined parts with custom-coating applications

Complex multiple-piece prototype assemblies

Complex medium-sized work pieces produced on a Haas CNC Vertical Machining Center (150" x 50" x 50")

Multi-axis precision work pieces

State-of-the-art machine and fabrication shop

Custom control packages

Heavy-Built Performance

Testimonials

References supplied upon request.

"We were introduced to HASKO 6 years ago when we needed some machine work performed that demanded more precise tolerances than our tooling and equipment were capable of. HASKO has always been able to meet our needs and expectations with outstanding service and on-time delivery of exceptional quality parts at a competitive price."

"Our company counts on HASKO Inc. for cost-effective, quick delivery of precision machined parts. They are easy to work with, eager to do whatever is needed to take care of business, quality-conscious and, most importantly, they are true to their word. They are very professional and a pleasure to work with and I highly recommend them."
